| <b>ACCEPTABLE QUALITY LEVEL</b> | AQL: 0.65 with sampling Plan: ISO2859. |
|---------------------------------|--|

**VISUAL REQUIREMENTS**

**Visual acceptance requirements apply when inspected under below conditions:**

Magnification: *Unaided eye at a distance of approximately 35-40cm.*  
 Light type: *Lighting level must be reasonable for visual detection.*  
 Timings: *Maximum inspection period per item is 25 seconds.*  
*For detailed defect list, refer to product control plan.*

| Acceptance Requirement |                              | AQL  | Sampling Plan                                    |
